

RIVERSIDE

COMMUNITY AT HOME

Help Shape Future Housing and Community Development Projects

Make your opinion count on community projects in your neighborhood!

Annually, the City of Riverside receives entitlement funds from the U.S. Department of Housing and Urban Development (HUD).

The funding is used to address housing and community development needs of low- and moderate-income residents and families. The type of projects funded include construction of neighborhood facilities, park improvements, street repairs, housing rehabilitation, job development and public service activities such as after-school programs, homeless services and support for seniors and the disabled.

The City invites you to attend one of the following informational meetings being held in each City Council Ward to receive your input on future projects. Your participation will help to develop the 2010-2015 five-year HUD Consolidated Plan and 2010-2011 Annual Action Plan.
